PATENTICO PRIVACY POLICY

PATENTICO attaches great importance to your privacy. We do our best to protect our customers' personal data. We will never make information we collect available to any other company or third party. By using the website https://patentico.io you consent to the use of that information as set out in this policy.

When visiting the https://patentico.io, we may collect and store information about the type of browser you use, your user data, IP address and your location. We use this information to improve our products and services, and we do not share personal information with third parties, except in the circumstances set out below.

While registering on the https://patentico.io, we may ask you to provide us with certain personally identifiable information that may include, but is not limited to your name, e-mail address, phone number and mailing address. We use your Personal Information for providing and improving our services: billing, authentication, communication, improvement of our content and services. We will take all reasonable steps to protect your information from misuse and keep it secure.

A cookie is a small piece of information that is sent to the user's browser and stored on the computer's hard disk. We use cookies to understand more about our users and to improve their experience across our website. We may use cookies to collect the following information about users: IP address, browser type, operating system, date and time of the user's activity.

We adopt appropriate data collection, storage and processing practices and security measures to protect from unauthorised access, alteration, disclosure or destruction of your personal information, user credentials, transaction information, and data stored on our Website. As soon as we receive your private information, we implement reasonable security measures and procedures to avoid unauthorised access from any third party. However, transmission of such data over the Internet using personal computers or mobile devices is not completely safe and, therefore, we cannot guarantee absolute security of all information submitted to our platform.
